

Shed some light ... on **science & Christianity** at MCSI

MACQUARIE
CHRISTIAN STUDIES
INSTITUTE

The Big Bang. Evolution. Chaos Theory. Genetic engineering. Many of these fascinating subjects spark heated debate between the worlds of science and religion. Are they at war with each other? Are they two paths to complementary but separate spheres of truth? Are they partners in the quest to unlock the mysteries of the universe? Challenge your assumptions and preconceptions in the **Science and Christianity: Complementary Perspectives?** Examine the areas of debate that have shaped the relationship between science and religion, with an emphasis on the dialogue between science and Christianity.

You can also take subjects in philosophy, the Bible, ethics, Jesus, the media, economics, education, pop culture, counselling and justice. See www.mcsi.edu.au for information and timetables.

MCSI provides subjects for students of all stages and of any beliefs. Our aim is to take a considered Christian approach to knowledge, in all of its disciplines.

Our subjects can be counted towards almost any degree at any university. We have a special agreement with Macquarie University, our home campus, allowing MU students to take our subjects as part of their program. But whatever campus you are from, chances are you will be able to study with us. Visit www.mcsi.edu.au for details.

If you are looking for a degree in Christian Studies, we have just the thing: ask us about our very flexible and highly regarded Bachelor of Christian Studies degree.

Not a student? No problem! We also offer our subjects to the general public at a lower charge. Many people—from office workers, church workers, retirees or mums and dads—take our subjects for the sheer pleasure of learning.

We hope you will find a subject or degree that interests you and look forward to taking the learning journey together.

Visit www.mcsi.edu.au and get in touch with us today!
