

Shed some light ... on **world religions** at MCSI

Religion is a hot topic in contemporary society. As cultures blend and people migrate to all parts of the world, gone are the days when your neighbour has exactly the same background and religion as you. But how much do we really know about key world religions? The MCSI subject **World Religions: An Introduction** delves into the five major historical world faiths: Hinduism, Buddhism, Judaism, Christianity and Islam and examines their history, teachings and practices in depth.

At MCSI you can also take subjects exploring Christian perspectives on science, philosophy, the Bible, ethics, Jesus, the media, economics, education, pop culture, counselling and justice. See www.mcsi.edu.au for information and timetables.

MCSI provides subjects for students of all stages and of any beliefs. Our aim is to take a considered Christian approach to knowledge, in all of its disciplines.

Our subjects can be counted towards almost any degree at any university. We have a special agreement with Macquarie University, our home campus, allowing MU students to take our subjects as part of their program. But whatever campus you are from, chances are you will be able to study with us. Visit www.mcsi.edu.au for details.

If you are looking for a degree in Christian Studies, we have just the thing: ask us about our very flexible and highly regarded Bachelor of Christian Studies degree.

Not a student? No problem! We also offer our subjects to the general public at a lower charge. Many people—from office workers, church workers, retirees or mums and dads—take our subjects for the sheer pleasure of learning.

We hope you will find a subject or degree that interests you and look forward to taking the learning journey together.

Visit www.mcsi.edu.au and get in touch with us today!
